

## **SEBI launches 'Document Number Verification System'**

The Securities and Exchange Board of India (SEBI) vide its **Press Release PR No.17/2025**, has launched the Document Number Verification System (DNVS) to improve transparency and allow for the verification of documents it issues.

This system assigns a unique Outward Number to physical communications like letters and notices. Users can verify the authenticity of these documents by entering the Outward Number and other details like sender and recipient names, and the date, after authenticating via an OTP sent to the recipient's mobile number.

The verification confirms the issuance of the document by SEBI, but does not validate its content. The SEBI-DNVS is accessible through the SEBI website's homepage, under the "Authenticate Document Number Issued by SEBI" section, or via a provided QR code.
